January 17, 2022

The Ministry of Health and Human Services would like to inform the public that visiting hours at Belau National Hospital will be suspended, effective today, January 17, 2022. This is to minimize the exposure and spread of COVID-19 and other communicable diseases to patients, healthcare workers, and the entire community.

Essential items may be delivered by the entrance to the Hospital Wards between 6pm – 7pm. Staff will then bring items to admitted patients. At this time, only one (1) attendant is allowed per patient. Movement is limited inside and in and out of the Hospital.

MHHS appeals to the community for support as we work together to keep everyone safe. For more information, call the MHHS Hotline at 488-0555, Monday – Friday, 7:30am to 11:00pm.

Thank you.
