UPDATES ON TESTING AND QUARANTINE OF INDIVIDUALS WHO RECENTLY ARRIVED IN PALAU

September 5, 2020

The Ministry of Health (MOH) would like to provide the public with the following updates on testing and quarantine of travelers in the past several days:

- Twenty-four (24) travelers who arrived in Palau from Taiwan took their final tests on September 4th (day 14), and all results were negative. They have now been cleared from all quarantine requirements.
- Twelve (12) individuals who arrived in Palau from Japan and Spain also took their day 14 tests yesterday, and all their results were negative. They have been released from mandatory quarantine, and will continue to self-monitor their symptoms and practice preventive measures for an additional week. They will then undergo final testing on day 21.
- Four military personnel who arrived on September 3, 2020 were also tested (day 1) negative of COVID-19. They will remain in quarantine in a government-designated facility and tested again on days 7 and 14.

If you have any questions or need further information on quarantine or testing for COVID-19, please contact the MOH EOC Deputy Incident Commander/Liaison Officer, Mr. Gaafar Uherbelau at 775-1310.
