The Ministry of Health and Human Services (MHHS) is informing the public that the Belau National Hospital pharmacy will remain open today, Monday, December 13, 2021, until 10:00pm for those who may require refill for medications. As per public announcement released earlier, all non-essential services at the Belau National Hospital will be suspended until further notice in anticipation of the tropical storm.

As such, those who are taking ongoing medication are advised to ensure they have enough medication for the next 5 days until the Belau National Hospital pharmacy resumes regular hours and services.
