UPDATES ON TESTING AND QUARANTINE IN PALAU

March 29, 2021

The Ministry of Health (MOH) would like to provide the public with the following updates on testing and quarantine of individuals in Palau (past few days).

- The thirty (30) essential workers and returning residents who arrived on March 22, 2021 from Guam have received their day 7 (March 28) tests, and all results were negative. All travelers remain in mandatory quarantine before undergoing further testing on days 14 and 21.
- One (1) of the essential workers, who has completed full COVID-19 vaccination, has received his day 5 test (March 26), and his results were negative. Per modified quarantine orders, he has been placed under restriction of movement (ROM) and shall only travel between the quarantine facility and place of work, with no contact with other persons while performing his duties.

MOH continues to thank the community for its support to all COVID-19 response activities.

If you have any questions or need further information on quarantine or testing for COVID-19, please contact the MOH EOC PIO Edolem Ikerdeu at 775-1138.
