UPDATES ON TESTING AND QUARANTINE IN PALAU

September 25, 2020

The Ministry of Health (MOH) would like to provide the public with the following updates on testing and quarantine of individuals in Palau:

- The thirty (30) residents and essential workers who arrived on September 18, 2020 in Palau via Taiwan all tested negative on day 7. They have been released from mandatory quarantine but will continue to self-monitor their health while placed under restriction of movement (ROM). They are only allowed essential travel within the community (i.e. place of residence, work, doctor's appointments). They will undergo final testing on day 14 (October 2, 2020).
- The fourteen (14) military personnel who arrived on September 18, 2020 will be tested today (day 7 of their quarantine period). They will remain in mandatory quarantine in a government-designated facility for an additional week and tested on day 14.

MOH continues to thank the community for its support to all COVID-19 response activities.

If you have any questions or need further information on quarantine or testing for COVID-19, please contact the MOH EOC Deputy Incident Commander/Liaison Officer, Mr. Gaafar Uherbelau at 775-1310.
