MOH CONTINUES TO CONDUCT COVID-19 TESTING

April 27, 2020

The Ministry of Health (MOH) continues to test more health care workers, first responders, and other essential services' workers in the community. To date, 208 specimens have been collected and tested, and all results are negative. Testing will continue the rest of April and early May, following guidelines set by MOH.

MOH continues to urge the public to practice preventive measures including:

- Proper handwashing and coughing/sneezing etiquette
- Avoid touching your nose, mouth, or eyes
- Cleaning and disinfecting frequently touched surfaces
- Practicing physical distancing (6 feet apart), avoiding large crowds or social gatherings
- Staying away from others when sick

If anyone should develop fever, cough, and breathing difficulties, call your doctor or the **Belau National Hospital OPD (488-2555)**, or the **Emergency Room at 488-2558 (after working hours)** for further guidance. For general information about COVID-19, contact the **MOH Hotline at 488-0555**.

Thank you.
