June 23, 2021

The Ministry of Health would like to remind all Guam-bound travelers (from Palau) that secondary document of proof of vaccination is now required to enter Guam. In addition to the vaccination record card, all travelers must present another official document to show a record of COVID-19 vaccination. All travelers (from Palau) whose final destination is Guam, may call 488-6445 (during working hours, Monday to Friday, from 8:00am to 3:00pm) to get this required additional document, with an administrative fee of \$5.50.

Furthermore, the vaccination record cards should not be laminated, in the event that cards need to be updated with additional information in the future. Individuals are advised to instead take a digital picture for documentation.

Thank you.
