## PUBLIC SERVICE ANNOUNCEMENT

**CONTACT:** Ministry of Health Public Information Officer  
Tel: +680-775-1138 Fax: +680-488-1211  
Email: [edolem.ikerdeu@palahealth.org](mailto:edolem.ikerdeu@palahealth.org)

**January 25, 2021**

The Ministry of Health (MOH) would like to inform the public that January 23, 2021 was the last day for COVID-19 vaccination for the January allocation. Palau expects to receive more vaccines in February, and will announce when vaccination will resume for first dose recipients.

At this time, over three thousand healthcare personnel, first responders, the elderly, homebound patient caregivers, and people with underlying medical conditions have received their first dose of the Moderna COVID-19 vaccine. MOH urges these individuals to come in for their second dose as indicated on their COVID-19 Vaccination Record Card. All second dose administrations will be given at the same Points of Dispensing (POD) sites where you received your first dose – Belau National Hospital Cafeteria, National Gym, WCHC in Ngeremlengui, or the Youth Center in Peleliu. **You must get two doses of the Moderna COVID-19 vaccine for full protection.**

MOH continues to encourage the elderly, homebound patient caregivers, and people with underlying medical conditions to call the Hotline at 488-0555 or 779-5553 to be scheduled for vaccination when we receive more vaccines. We will publish vaccination schedules and details as they become available.

We thank you for your support and understanding, as we wait for more vaccines. If you have any questions or need further information on the COVID-19 vaccine, please contact Gaafar Uherbelau (775-1310) or Edolem Ikerdeu (775-1138).
